

Azzule Systems release new addendums to be in compliance with FDA's Food Safety Modernization Act

The addendums are now available to companies who would need to meet the specific FSMA requirements not included in the current versions of the PrimusGFS Audits and Primus Standards Audits

Santa Maria, CA – Friday, December 27, 2017

Dear Customer,

Azzule Systems is pleased to announce the release of the following new addendums, to be conducted concurrently with PrimusGFS or Primus Standard (GAP and/or GMP) Audits for compliance with FDA's Food Safety Modernization Act (FSMA) requirements:

- Primus Produce Rule for Harvest Crew Audit Addendum
- Primus Produce Rule for Ranch Audit Addendum
- Primus Preventive Control for Facility Audit Addendum

The addendum questions are designed to cover specific FSMA requirements not included in the current versions of the Primus Audits. Additionally, they will be an aid for suppliers that need to meet importer requirements who are involved with FSMA Foreign Supplier Verification Programs (FSVP).

The General Regulations, Questions & Expectations, and Checklists will be posted on the PrimusGFS and PrimusLabs websites in order to assist in preparing and conducting these audit addendums.

If you need a Primus Addendum due to customer or import requests, please contact your Auditing Company for scheduling and additional information.
